# Note on the Budget Estimate for 1931-32 and the Revised Estimate for 1930-31.

**General Remarks.** The main feature of the Budget for the ensuing year is that it combines with it the Revised Budget figures for the current year, which the Municipal Commission can scrutinise and sanction. Hitherto the Revised Budget Estimates were prepared by the President in accordance with rule 10 of the Budget Rules contained in the Hon'ble the Resident's Notification No. 150 dated the 28th November 1924 and submitted to the Hon'ble the Resident without the Commission's approval or sanction. With a view to bring our procedure into line with the practice obtaining in Government Departments and the Municipalities in the Madras Presidency and elsewhere and also to enable the Municipal Commission to scrutinise the figures and accord their sanction thereto, the Hon'ble the Resident was moved to amend the rule and this was done in his Notification No. 17, dated the 11th February 1931 and the Budget for 1931-32 has been prepared accordingly. The Revised Budget figures are based on the actuals for 8 months of the year. The Budget provisions are mostly for normal items of expenditure which have been reduced as much as possible.

The closing balance for the year under review is Rs. ~~39,269~~ 36,142 which is just sufficient for the 5% working balance to be reserved.

3. The following is a detailed review under the various heads under which large increases or decreases occur. The small increases against "Salaries and allowances" are due to increments.

**I. A. Management—Capital—Page ~~4.~~ 6.** The increase of Rs. 3,200 against "1. Land and Buildings—Construction of offices for the Head, Revenue etc., Offices" is due to the higher rates tendered by the contractors.

**I. B. Communications—Ordinary—Page ~~6.~~ 8 (3) (a) Contingencies.** —Watchman Rs. 144. This item which was hitherto shown under the head "II. D. Capital—Contingencies" has been transferred to this head.

**5. Lighting—I—Royalty—Page ~~10.~~ 12.** The increased provision is for meeting the extra charges for the additional lights that may be put up during the next year.

**I. C. Education—Page ~~14.~~ 16** The increases against the heads "(1) Staff—Salaries and allowances—Masters and Superintendent and clerks and servants" are due to the provisions made for the Educational Superintendent and his staff for the full year.

The increases against similar heads under the "Ayurvedic and Unani Dispensaries" are due to the same reasons as above. Provisions have been made under this head for the purchase of some reference books and some furniture which are absolutely necessary.

PAGE ~~18.~~ 20. The increase against the head, 1. Organisation—(2) Clerks and servants—Salaries and allowances" is due to the inclusion of the post of one conservancy overseer in the office staff instead of in the regular conservancy staff as hitherto, for the reason that he is working in the office and that the post should be rightly included in the office staff.

The provision of Rs. 325 against the head "2. Epidemic and endemic diseases (1) Small-pox (b) Contingencies etc.—Furniture" is for the supply of furniture to the Vaccination Depots.

PAGE ~~22.~~ 24. The increase against the head "3. Sanitation. 1. Public Conservancy—(a) Staff—Salaries and allowances" is due to the re-allocation of the sweeping and scavenging staff and showing them under the proper heads. There is a corresponding decrease under the head "2. Private Scavenging. (a) Staff—Salaries and allowances".

The provision of Rs. 1,350 for "Removal of Night Soil, sewage and urine" represents the actual bid amount at the auction.

The provision of Rs. 1,500 for the purchase of receptacles is based on the actual requirements of the Health Officer.

PAGE ~~23.~~ 25. The provision of Rs. ~~11,775~~ 11,850 against (3) Sanitation—(1) Public Conservancy—Sale of rubbish" represents the actual bid amounts at the auction.

SIR,

31

I have the honour to forward, herewith, a copy of the Commission's resolution No.9, dated the 28th August 1931, sanctioning the provision of a sum of Rs.2,075/- from the closing balance during the current year to meet the Municipal share of the cost of raising, widening and improving the Richards Town Overbridge. I request that the Hon'ble the Resident may be pleased to accord sanction to reappropriate the amount from the closing balance as decided by the Commission. A statement in Form C is enclosed.

2. The work, which was repeatedly urged by the Bangalore Ratepayers' Association and by the residents of Richards Town has been kept in abeyance as the Madras and Southern Mahratta Railway authorities delayed providing the necessary funds in their budget to meet their share of the cost of raising the bridge. They have now written to say that they have provided funds in the current year's budget and that an estimate for the work is under preparation.

*2. Owing to the dismantling of the old stalls on either side of the clock tower, an adjustment in the stalls on the ground floor of the market had to be made to provide accommodation for the vegetable etc. sellers occupying the old stalls. This necessitated the moving of the potato sellers to the stalls in the upper storey of the market. The vendors of these stalls protested strongly against the move on the ground that their business suffered considerably and made repeated representations to be given stalls on the ground floor as before. The matter was considered by a joint meeting of the Standing Committee and the Market Sub-Committee on the 1st October 1931 who recommended the erection of the double row of stalls with a view to accommodate sellers of all foodstuffs sold at the market on the ground floor. The estimate in question was prepared by the Executive Engineer on the recommendation of the Joint Committee and sanctioned by the Commission on the 29th October 1931.*

President.

An estimate amounting to Rs.6,378/- is herewith submitted for favour of sanction of the Commission for widening the passage around the existing clock tower of the Russell Market as indicated in red in the accompanying plan.

The estimate provides for (1) dismantling the existing passage, and reconstructing the same with wire cut bricks in lime mortar, lime plastered on both sides, and resting over stone in lime masonry foundations.

(2) Reinforced cement concrete roof 3" to 3½" thick, reinforced with ½" diameter iron rods placed 4" apart, and resting over rolled steel beams.

(3) Indian patent flooring.

(4) Teak wood ventilators with expanded metal painted with two coats of chocolate paint over the openings of the passage.

(5) Brick in lime cornice 6" high and 6" in projection all round outside at roof level, and 3" cornice all round below roof

(6) Brick in lime ornamental parapet wall 1½' to 2' high and 4½" thick complete with coping, panel moulding and pilasters all round over roof.

(7) 4" in diameter G.I.rain down pipes all round the passage to lead off storm water.

(8) Making necessary alterations for connecting the passage with the additional row of stalls to the north and south of the clock tower, including clearing the site.

Funds may kindly be provided from any grants in hand or from any unspent balance as it would complete the general scheme of work in the Russell Market and work could be carried out at the same time as the two sheds for potato sellers.
